Read more > WhatsApp Messenger Description: WhatsApp Messenger is a free messaging app available for Android and other smartphones. WhatsApp uses your phone's internet connection (4G/3G/2G/EDGE or Wi-Fi, as available) to allow you to message and connect with friends and family. Switch from SMS to WhatsApp to send and receive messages, calls, photos, videos, documents and voice messages. Why use WHATSAPP: • No fees: WhatsApp uses your phone's internet connection (4G/3G/2G/EDGE or Wi-Fi, as available) to give you a message and contact friends and family, so you don't have to pay for every message or call.* There is no subscription fee. To use WhatsApp.• Multimedia: Send and receive photos, videos, documents and voice messages.• Free calls: Call free of charge with WhatsApp Call, even if they're in another country.* WhatsApp calls use your phone's internet connection instead of the voice minutes of the cellular plan. (Note: Data charges may apply.) Contact your service provider for details. Also, you can't access 911 and other emergency service numbers through WhatsApp). • CHAT GROUP: Enjoy group chats with your contacts so you can stay in touch easily with your friends or family.• WhatSAPP WEB: You can also send and receive WhatsApp messages directly from your computer's browser.• No international fees: there is no additional fee to send WhatsApp messages internationally. Chat with your friends around the world and avoid international SMS fees.* • Say no username and pins: Why bother remembering another username or pin? WhatsApp works with your phone number, just like SMS, and seamlessly integrates with the address book on your phone. • Always sign in: With WhatsApp, you always sign in so you don't miss messages. No more confusion about whether you're signing in or signing out. • Quickly connect with your contacts: Your address book is used to connect quickly and easily with your contacts who have WhatsApp so you don't need to add user names that are difficult to remember.• Offline messages: Even if you miss your notifications or turn off Your phone, WhatsApp will save your last messages until the next time you use the app.• Share your location, share connections, set custom wallpapers and notification sounds, record email chat, broadcast messages to multiple contacts simultaneously, and more! Contact your service provider for details. ---------- we're always excited to hear from you!
